ECTS stands for European Credit Transfer System.

The ECTS point system **indicates the workload - measured in time - that it takes to complete a specific course.**

ECTS points do not measure the subject level or degree of difficulty, only the workload.

The ECTS system equates 60 ECTS points for one year of full-time study.  
(6x60=360 ECTS)

## Students' health and well being

The students' physicians can be reached via mail, phone, email or office consultation. Please find their working hours in September [here](#).

Make sure to have a valid health insurance during your study period in Zagreb.  
If you have a EU citizenship, you should have a European Health Insurance Card.  
You may also have an international health insurance policy, in which case you will need to pay for the examination when you visit a doctor and afterwards you can be refunded from your insurance company for the medical costs that incurred.  
Detailed information about it you could find at web site of Croatian Health Insurance Fund.

## Academic Recognition of Foreign Higher Education Qualifications

**Important notice**

The higher education institution in Croatia where the applicant seeks to continue his or her higher education carries out academic recognition of foreign higher education qualifications and recognition of periods of study at foreign higher education institutions for the purpose of continuing education in Croatia based on the Recognition of Foreign Educational Qualifications Act (published in the Official Gazette 158/03, 158/03, 138/06 and 45/11).

Instructions for applying for academic recognition of foreign higher education qualifications and recognition of periods of study at foreign higher education institutions for the purpose of continuing education in Croatia:

  - 1. Fill out application form and enclose all necessary documents**

The application form is an official document needed to initiate the process of recognition of foreign higher education qualifications. The form needs to be filled out completely. Applicants are responsible for the accuracy of the information given. The recognition process cannot be initiated without a properly filled out application form and requested documentation.

If changes to the information submitted occur during the recognition process, the applicant must inform the Academic Recognition Office in writing.

[Application form for academic recognition](#)  
[Application form for recognition of periods of study](#)
  - 2. Pay processing fee**

The processing fee for the academic recognition of foreign higher education qualifications and recognition of periods of study at foreign higher education institutions for the purpose of continuing education in Croatia, as well as its amount, distribution and exemptions, are determined by the By-Law on Amendments to the By-Law on the Fees and Exemptions from Fees for the Recognition of Foreign Higher Education Qualifications and Periods of Study (Official Gazette 10/2008).

The processing fee for the academic recognition of foreign higher education qualifications for completed undergraduate, graduate or postgraduate university and professional study programmes is HRK 400.00 (four hundred Croatian kunas).

The processing fee for the recognition of periods of study is HRK 200.00 (two hundred Croatian kunas).
  - 3. How to fill out the payment form:**
