INFORMATION ON 2026-2027 ACADEMIC YEAR WINTER SEMESTER APPLICATIONS

Application general conditions:

1. Enrolment for students in the higher semester from 7 September until 25 September 2026.
2. Students must enroll exclusively via **Studomat**, except for those repeating the academic year. Students who, for any reason, are unable to enroll via Studomat must send the completed ENROLLMENT FORM to the following email address: mjovic@vef.hr, after meeting the enrollment requirements and no later than September 25, 2026.
3. After completing enrollment through Studomat, all students are required to submit the following documents to the Student Office by September 25, 2026:
 - the Enrollment Form with the section for courses in the winter semester filled out,
 - the Index with enrolled courses (if any),
 - the Semester Approval Form
 - the proof of payment of tuition fee for the academic year 2026/2027.
4. Certificate of knowledge of Latin language (this applies to students whose high school diploma did not include Latin language following a minimum of two years' study when they enrolled in the studies). A certificate from the Faculty of Humanities and Social Sciences or a Small/Big Latinum certificate is acceptable. The letter language is required for enrollment to the second year.
5. **Tuitions fees must be covered before the enrolment.** Account name: University of Zagreb Faculty of Veterinary Medicine, Name of Bank: Zagrebačka banka, Address of Bank: Zagreb, Trg bana Josipa Jelačića 10, Croatia, Swift Code: ZABAHR2X, IBAN: HR1723600001101354554. Please write name and surname on the tuition fee payment.

(Note: When submitting the above-mentioned documents to the Student Office, the signatures in the Grade Book must be collected for all courses that the student has registered in for the summer semester of 2025-2026 academic year.

TERMS AND CONDITIONS FOR APPLICATION FOR THE 2026-2027 ACADEMIC YEAR

Students in the second semester of study of the 2025-2026 academic year who are studying under the University Integrated Undergraduate and Graduate Study of Veterinary Medicine in English and who have attended classes in the second semester of the 2026-2027 academic year may enrol in the third semester of study if they have obtained a minimum of **45 ECTS credits**.

The workload remaining from the first year of study must be completed by the student's enrolment into the winter semester of the 2027-2028 academic year at the latest.

The requirement for registration into the fourth semester 2026-2027 academic year is to get the third semester of the 2026-2027 academic year officially approved in the student grade-book by the Student Office.

**STO
PET**

ONE HUNDRED & FIVE YEARS (1919-2024)
Faculty Of Veterinary Medicine
University Zagreb

Students of the 2nd semester who have completed their classes in the academic year 2025/2026, but do not meet the requirements for regular enrollment into the 3rd semester of study in the academic year 2026/2027, may only enroll in mandatory courses of the second year of study in accordance with the Course Enrollment Prerequisites (enrollment in elective courses is not approved), up to the maximum number of ECTS credits they have earned through passed courses from the first year of study which they are repeating, subject to prior consultation with the Student Office.

Students who have attended classes in the fourth semester of the 2025-2026 academic year of the University Integrated Undergraduate and Graduate Study of Veterinary Medicine in English may enroll in the fifth semester of study if they have completed all the courses enrolled in 1st study year, and obtained a minimum of **45 ECTS credits** out of courses enrolled in the 2nd study year.

The workload remaining from the 2nd study year of study must be completed by the student's enrollment into the winter semester of the 2027-2028 academic year at the latest.

The requirement for registration into the sixth semester 2026-2027 academic year is to get the fifth semester of the 2026-2027 academic year officially approved in the student gradebook by the Student Office.

Students of the 4th semester who have completed their classes in the academic year 2025/2026, but do not meet the requirements for regular enrollment into the 5th semester of study in the academic year 2026/2027, may only enroll in mandatory courses of the third year of study in accordance with the Course Enrollment Prerequisites (enrollment in elective courses is not approved), up to the maximum number of ECTS credits they have earned through passed courses from the second year of study which they are repeating, subject to prior consultation with the Student Office.

Students in the sixth semester of study of the 2025-2026 academic year who are studying under the University Integrated Undergraduate and Graduate Study of Veterinary Medicine in English and who have attended classes in the sixth semester of the 2026-2027 academic year may enrol in the seventh semester of study if they have completed all the courses enrolled in 2nd study year, and obtained a minimum of **45 ECTS credits** out of courses enrolled in the 3rd study year. The workload remaining from the third year of study must be completed by the student's enrolment into the winter semester of the 2027-2028 academic year at the latest.

The requirement for registration into the eight semester 2026-2027 academic year is to get the seventh semester of the 2026-2027 academic year officially approved in the student gradebook by the Student Office.

Students of the 6th semester who have completed their classes in the academic year 2025/2026, but do not meet the requirements for regular enrollment into the 7th semester of study in the academic year 2026/2027, may only enroll in mandatory courses of the fourth year of study in accordance with the Course Enrollment Prerequisites (enrollment in elective courses is not approved), up to the maximum number of ECTS credits they have earned through passed courses from the third year of study which they are repeating, subject to prior consultation with the Student Office.

Students in the eight semester of study of the 2025-2026 academic year who are studying under the University Integrated Undergraduate and Graduate Study of Veterinary Medicine in English and who have attended classes in the eight semester of the 2026-2027 academic year may enrol in the ninth semester of study if they have completed all the courses enrolled in 3rd study year, and obtained a minimum of **44 ECTS credits** out of courses enrolled in the 4th study year. The workload remaining from the third year of study must be completed by the student's enrolment into the winter semester of the 2027-2028 academic year at the latest.

**STO
PET**

ONE HUNDRED & FIVE YEARS (1865-2020)
Faculty of Veterinary Medicine
University of Zagreb

The requirement for registration into the tenth semester 2026-2027 academic year is to get the ninth semester of the 2026-2027 academic year officially approved in the student gradebook by the Student Office.

Students of the 8th semester who have completed their classes in the academic year 2025/2026, but do not meet the requirements for regular enrollment into the 9th semester of study in the academic year 2026/2027, may only enroll in mandatory courses of the fifth year of study in accordance with the Course Enrollment Prerequisites (enrollment in elective courses is not approved), up to the maximum number of ECTS credits they have earned through passed courses from the fourth year of study which they are repeating, subject to prior consultation with the Student Office.

Students in the tenth semester of study who are studying under the University Integrated Undergraduate and Graduate Study of Veterinary Medicine in English and who have attended classes in the tenth semester of the 2026-2027 academic year may enroll in the eleventh semester of study if they have completed all the courses enrolled in 4th study year, **completed courses of Surgery, Orthopaedics and Ophthalmology 3, Obstetrics and Reproduction 2, Veterinary Epidemiology and obtained a minimum of 7 ECTS credits out of courses enrolled in the 5th study year (Field Service Clinic credits do not count)**. In addition to the above enumerated conditions, the student must collect the signature of the Field Service Clinic Course leader in the Gradebook.

The workload remaining from the 5th and 6th year of study must be completed by the student's Master Thesis defense.

Students of the **10th semester** who have completed their classes in the academic year 2025/2026, but do not meet the requirements for regular enrollment into the 11th semester of study in the academic year 2026/2027, provided that they have passed all exams for the courses enrolled in the fourth year of study, may only enroll in mandatory courses of the sixth year of study in accordance with the Course Enrollment Prerequisites (enrollment in elective courses and courses of the chosen study track is not approved), up to the maximum number of ECTS credits they have earned through passed courses from the fifth year of study which they are repeating, subject to prior consultation with the Student Office.

NOTE:

The requirement for registration into the 12th semester 2026-2027 academic year is to get the 11th semester of the 2026-2027 academic year officially approved in the student gradebook by the Student Office and **application to write the Master Thesis**. (applicable to students who regularly enrolled in the sixth year of study in the academic year 2026/2027).

Students of the **12th semester** who have completed their classes in the academic year 2026/2027, but do not plan to schedule their thesis defense by September 30, 2027, shall enroll in a repetition of the sixth year of study in the academic year 2027/2028, with the mandatory requirement of obtaining a semester approval for the 12th semester by submitting a Semester approval form to the Student Office.

PLANNING OF THESIS DEFENSES IN THE ACADEMIC YEAR 2026/2027

Students who enroll in a repetition of the final year of study in the academic year 2026/2027, i.e., who are only taking the remaining exams for courses they have already completed, and who have completed their professional practice in the academic year 2025/2026, shall proceed to the thesis review and defense procedure upon fulfilling the requirements, subject to the deadline for submitting the thesis to the Student

**STO
PET**

ONE HUNDRED & FIVE YEARS (1919-2024)
Faculty Of Veterinary Medicine
University Zagreb

Office no earlier than 7 days after passing the final course exam, in accordance with the Instructions for Application, Writing, and Formatting of the Graduation Thesis.

Thesis defenses in the winter semester of the academic year 2026/2027 can be scheduled:

- from November 2 to December 23, 2026
- from January 7 to February 17, 2027

Thesis defenses in the summer semester of the academic year 2026/2027 can be scheduled:

- from March 15 to July 14, 2027
- from September 1 to September 30, 2027

The periods for thesis review and defense do not include:

- from July 15 to August 30 of the current year, and
- from October 1 to October 31 of the current year;

Students who are regularly enrolling in the 6th year of study in the academic year 2026/2027 may initiate the thesis review and defense procedure after the final day of classes in the summer semester, i.e., after **June 11, 2027**, by submitting a Semester Approval for the 12th semester to the Student Office. If a student fails to submit the draft version of their thesis to the members of the Committee by **June 15, 2027**, they will not be able to defend their thesis during the summer examination period of the academic year 2026/2027, but must instead schedule the defense during the autumn examination period from **September 1 to September 30, 2027**.

Thesis defenses in the summer examination period of the academic year 2026/2027 can be scheduled after submitting the draft version of the thesis to the Committee for review by June 15, 2027.

Students who have regularly enrolled in the 6th year of study in the academic year 2026/2027, passed all enrolled and completed courses, and fulfilled all obligations arising from the Curriculum of the Veterinary Medicine study program, may schedule their thesis defense during the summer examination period, concluding on July 14, 2027.

If a student fails to submit the draft version of their thesis to the members of the Committee **by June 15, 2027**, they will not be able to defend their thesis in July of the current academic year.

Thesis defenses in the autumn examination period can be scheduled:

from September 1 to September 30, 2027

A thesis defense is possible until September 30 of the current academic year, provided that the thesis review and defense procedure has been conducted by September 15 of the current academic year. If the procedure begins after September 15, the defense will take place after September 30, which means it will fall into the following academic year.

Students who have enrolled in the twelfth year of study in the academic year 2026/2027 must, upon fulfilling their obligations, initiate the thesis review and defense procedure **no later than September 16, 2027**, in order to complete their studies on time, i.e., concluding on **September 30, 2027**. After this date, all their student rights and the possibility of continuing their studies shall cease.

**STO
PET**

ONE HUNDRED & FIVE YEARS (1871-2026)
Faculty Of Veterinary Medicine
University Zagreb

Full-time students - students exceeding the nominal duration of their study

- a) The fee for taking exams in the academic year 2026/2027 for students who do not have student rights shall amount to EUR 300 per application.
Before taking the exam, the student is required to submit a proof of the effected payment to the Student Office for Integrated Undergraduate and Graduate Studies within 3 days from taking the exam.
- b) The cost of initiating the procedure and defending the graduate thesis by 30 September 2026 for students who do not have student rights in the academic year 2026/2027 shall amount to EUR 119.45.

DOCUMENTATION FOR APPLICATION SUBMISSION:

1. Grade Book (Indeks), (if any)
2. Enrolment list with the section for courses in the winter semester filled out.
3. The student must get the semester of the 2025-2026 academic year approved.
4. The proof of payment of tuition fee for the academic year 2026/2027
5. Certificate of knowledge of Latin language (this applies to students whose high school diploma did not include Latin language following a minimum of two years' study when they enrolled in the studies). A certificate from the Faculty of Humanities and Social Sciences or a Small/Big Latinum certificate is acceptable.

Each student is responsible for checking whether the course enrollment has been successfully completed and for regularly monitoring the status of their courses in Studomat.

Classes in the winter semester of the 2026/2027 academic year will begin on **28 September 2026**, according to the timetable that will be published on the Faculty's website at the beginning of the autumn examination period in the 2025/2026 academic year.

ONE HUNDRED & FIVE YEARS (1919-2024)
Faculty Of Veterinary Medicine
University Zagreb

1. Students who enroll in a part of a course from higher years of study ("partial-year enrollment") must comply with registration and examination requirements as stated in the table under the **registration requirements for partial-year enrollees** and **examination requirements for full-year and partial-year enrollees**.
2. Students who enroll in a higher year of study ("full-year enrollment") under the conditions based on the Decision of the Faculty Council are obliged to follow the requirements in the table under **examination requirements for full-year and partial-year enrollees** when enrolling in the higher year of study.
3. To enroll in the elective courses, all students are required to comply with the registration and examination requirements in the table under **registration requirements** and **examination requirements**.
Students in "partial-year enrollment" do not have the option of choosing and enrolling in elective or obligatory-elective courses from the higher years of study.

REGISTRATION AND EXAMINATION REQUIREMENTS SCHEME

I SEMESTER

SUBJECT	Registration requirements for partial-year enrollees	Examination requirements for full-year and partial-year enrollees
PHYSICS AND BIOMEDICAL PHYSICS	-	
MEDICAL CHEMISTRY	-	
ZOOLOGY	-	
PLANT BIOLOGY	-	
ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS I	-	
ENVIRONMENT, ANIMAL BEHAVIOUR AND WELFARE	-	
BASIC STATISTICS IN VETERINARY MEDICINE	-	
INTRODUCTION TO VETERINARY	-	
PHYSICAL EDUCATION I.	-	

**STO
PET**

ONE HUNDRED & FIVE YEARS (1868-2023)
Faculty Of Veterinary Medicine
University Zagreb

II SEMESTER

SUBJECT	Registration requirements for partial-year enrollees	Examination requirements for full-year and partial-year enrollees
ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS II	-	ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS I must be completed
BIOCHEMISTRY IN VETERINARY MEDICINE	Pending completion of the course MEDICAL CHEMISTRY*	Pending completion of the course MEDICAL CHEMISTRY*
ANIMAL BREEDS CHARACTERISTICS	-	
INTRODUCTION TO ENGLISH VETERINARY MEDICAL TERMINOLOGY I.	-	
PHYSICAL EDUCATION II.	-	

*All classes attended, but final exam(s) yet to be taken

III SEMESTER

SUBJECT	Registration requirements for partial-year enrollees	Examination requirements for full-year and partial-year enrollees
PHYSIOLOGY OF DOMESTIC ANIMALS I	MEDICAL CHEMISTRY must be completed	PHYSICS AND BIOMEDICAL PHYSICS, BIOCHEMISTRY IN VETERINARY MEDICINE, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS I, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS II must be completed
GENERAL AND MOLECULAR GENETICS IN VETERINARY MEDICINE	Pending completion of PLANT BIOLOGY, MEDICAL CHEMISTRY, BIOCHEMISTRY IN VETERINARY MEDICINE and ZOOLOGY.	PLANT BIOLOGY, MEDICAL CHEMISTRY, and BIOCHEMISTRY IN VETERINARY MEDICINE and ZOOLOGY must be completed.
BASIC ANIMAL NUTRITION	MEDICAL CHEMISTRY must be completed.	MEDICAL CHEMISTRY must be completed.
ANIMAL BREEDING AND PRODUCTION	Pending completion of BASIC STATISTICS IN VETERINARY MEDICINE and ANIMAL BREEDS CHARACTERISTICS	
HYGIENE AND HOUSING OF ANIMALS	-	
VETERINARY IMMUNOLOGY	-	

**STO
PET**

ONE HUNDRED & FIVE YEARS (1919-2024)

ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS III	-	ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS I and ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS II must be completed.
INTRODUCTION TO ENGLISH VETERINARY MEDICAL TERMINOLOGY II	-	INTRODUCTION TO ENGLISH VETERINARY MEDICAL TERMINOLOGY I must be completed.

IV SEMESTER

SUBJECT	Registration requirements for partial-year enrolees	Examination requirements for full-year and partial-year enrolees
HISTOLOGY WITH GENERAL EMBRYOLOGY	Pending completion of ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS I, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS II, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS III.	ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS I, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS II must be completed. Pending completion of ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS III.
PHYSIOLOGY OF DOMESTIC ANIMALS II	Pending completion of PHYSIOLOGY OF DOMESTIC ANIMALS I*	PHYSIOLOGY OF DOMESTIC ANIMALS I and HISTOLOGY WITH GENERAL EMBRYOLOGY must be completed.
APPLIED ANIMAL NUTRITION	Pending completion of BASIC ANIMAL NUTRITION* and BIOCHEMISTRY IN VETERINARY MEDICINE.*	BASIC ANIMAL NUTRITION and BIOCHEMISTRY IN VETERINARY MEDICINE must be completed.
ANIMAL BREEDING AND PRODUCTION	Pending completion of the course ANIMAL BREEDING AND PRODUCTION from the 3rd semester*	ANIMAL BREEDS CHARACTERISTICS and BASIC STATISTICS IN VETERINARY MEDICINE must be completed.
HYGIENE AND HOUSING OF ANIMALS	Pending completion of HYGIENE AND HOUSING OF ANIMALS from the 3rd semester*	ENVIRONMENT, ANIMAL BEHAVIOUR AND WELFARE must be completed.
GENERAL MICROBIOLOGY	Pending completion of the course VETERINARY IMMUNOLOGY*	

*All classes attended, but final exam(s) yet to be taken

V SEMESTER

SUBJECT	Registration requirements for partial-year enrollees	Examination requirements for full-year and partial-year enrollees
PARASITOLOGY AND PARASITIC DISEASES	Pending completion of PHYSIOLOGY OF DOMESTIC ANIMALS I., PHYSIOLOGY OF DOMESTIC ANIMALS II., and HISTOLOGY WITH GENERAL EMBRYOLOGY.	
GENERAL VETERINARY PATHOLOGY	ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS I, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS II, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS III, PHYSIOLOGY OF DOMESTIC ANIMALS I., and PHYSIOLOGY OF DOMESTIC ANIMALS II must be completed.	ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS I, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS II, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS III, PHYSIOLOGY OF DOMESTIC ANIMALS I., and PHYSIOLOGY OF DOMESTIC ANIMALS II must be completed.
RADIATION HYGIENE	PHYSICS AND BIOMEDICAL PHYSICS and PHYSIOLOGY OF DOMESTIC ANIMALS I must be completed.	PHYSICS AND BIOMEDICAL PHYSICS and PHYSIOLOGY OF DOMESTIC ANIMALS I must be completed.
PATHOPHYSIOLOGY I	All first year courses must be completed and pending completion of the courses PHYSIOLOGY OF DOMESTIC ANIMALS I and PHYSIOLOGY OF DOMESTIC ANIMALS II*	PHYSIOLOGY OF DOMESTIC ANIMALS I and PHYSIOLOGY OF DOMESTIC ANIMALS II must be completed.
PHARMACOLOGY	All first year courses must be completed and pending completion of the courses PHYSIOLOGY OF DOMESTIC ANIMALS I. and PHYSIOLOGY OF DOMESTIC ANIMALS II.*	PHYSIOLOGY OF DOMESTIC ANIMALS I. and PHYSIOLOGY OF DOMESTIC ANIMALS II must be completed.
SPECIAL MICROBIOLOGY	VETERINARY IMMUNOLOGY and GENERAL MICROBIOLOGY must be completed.	VETERINARY IMMUNOLOGY and GENERAL MICROBIOLOGY must be completed.

*All classes attended, but final exam(s) yet to be taken

VI SEMESTER

SUBJECT	Registration requirements for partial-year enrollees	Examination requirements for full-year and partial-year enrollees
PARASITOLOGY AND PARASITIC DISEASES	Pending completion of PATHOPHYSIOLOGY I, GENERAL VETERINARY PATHOLOGY and PHARMACOLOGY.	Pending completion of SPECIAL VETERINARY PATHOLOGY, PATHOPHYSIOLOGY II, CLINICAL PROPEDEUTICS and all compulsory

**STO
PET**

ONE HUNDRED & FIVE YEARS (1919-2024)

IX SEMESTER

SUBJECT	Registration requirements for partial-year enrollees	Examination requirements for full-year and partial-year enrollees
INFECTIOUS DISEASES OF DOMESTIC ANIMALS	All courses from years 1 to 3 must be completed, with attendance of the 4th year courses.	-
SURGERY, ORTHOPAEDICS AND OPHTHALMOLOGY III	Pending completion of the course SURGERY, ORTHOPAEDICS AND OPHTHALMOLOGY II in the 8 th semester.*	SURGERY, ORTHOPAEDICS AND OPHTHALMOLOGY II must be completed.
OBSTETRICS AND REPRODUCTION II	Pending completion of the course OBSTETRICS AND REPRODUCTION I in the 8 th semester.*	OBSTETRICS AND REPRODUCTION I must be completed.
HYGIENE, TECHNOLOGY AND FOOD SAFETY	All courses from years 1 to 3 must be completed, with attendance of the 4th year courses and examinations passed in the following subjects: INTERNAL MEDICINE (8th semester) AND GAME BREEDING AND MANAGEMENT (7th semester)	-
VETERINARY EPIDEMIOLOGY	Pending completion of the course INTERNAL MEDICINE and OBSTETRICS AND REPRODUCTION I.*	-

*All classes attended, but final exam(s) yet to be taken

X SEMESTER

SUBJECT	Registration requirements for partial-year enrollees	Examination requirements for full-year and partial-year enrollees
INFECTIOUS DISEASES OF DOMESTIC ANIMALS	Pending completion of the course INFECTIOUS DISEASES OF DOMESTIC ANIMALS in the 9 th semester	INTERNAL MEDICINE must be completed.
STATE VETERINARY MEDICINE	Pending completion of the course INFECTIOUS DISEASES OF DOMESTIC ANIMALS in the 9 th semester	Passed and completed all subjects until/from IX semester.
HYGIENE, TECHNOLOGY AND FOOD SAFETY	Pending completion of the course HYGIENE, TECHNOLOGY AND FOOD SAFETY in the 9 th semester	All courses in years 1-4 must be completed.
FIELD SERVICE CLINIC	All subjects in 1st to 9th semester must have been attended, and the examinations passed in the following subjects: OBSTETRICS AND REPRODUCTION I and SURGERY, ORTHOPAEDICS AND OPHTHALMOLOGY II	-

XI SEMESTER

SUBJECT	Registration requirements for partial-year enrollees	Examination requirements for full-year and partial-year enrollees
FORENSIC VETERINARY MEDICINE	Pending completion of the course STATE VETERINARY MEDICINE.*	Completed and passed all subjects before the applying for final exam from FORENSIC VETERINARY MEDICINE. Prerequisite for applying for exam does not include finished EPT.
POULTRY DISEASES	Pending completion of the course INFECTIOUS DISEASES OF DOMESTIC ANIMALS.*	INFECTIOUS DISEASES OF DOMESTIC ANIMALS must be completed.
HERD HEALTH	All courses from years 1 through 5 must be completed.	-
VETERINARY ECONOMICS	Pending completion of the course VETERINARY EPIDEMIOLOGY.*	VETERINARY EPIDEMIOLOGY must be completed.
FIELD SERVICE CLINIC	Positive grade of the course Field Service Clinic must be obtained; pending completion of all clinical courses.	-

XII SEMESTER

SUBJECT	Registration requirements for partial-year enrollees	Examination requirements for full-year and partial-year enrollees
PROFESSIONAL CLINICAL WORK	Pending completion of all courses.	
PROFESSIONAL FIELD WORK	Pending completion of all courses.	
WRITING A MASTER'S THESIS	Pending completion of all courses.

REGISTRATION AND EXAMINATION REQUIREMENTS FOR STUDY TRACK RELATED ELECTIVE COURSES AND ELECTIVE COURSES

SUBJECT	Registration requirements	Examination requirements
ADVANCED DIAGNOSTICS AND THERAPY OF THE DISEASES OF THE DIGESTIVE SYSTEM OF DOGS AND CATS	Maximum number of students: 35	
ANATOMY OF LABORATORY ANIMALS	ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS I, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS II, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS III must be completed. Maximum number of students: 30	
AUTOCHTHONOUS DAIRY PRODUCTS	Enrolled in the Veterinary Public Health Study Track	Pending completion of FOOD HYGIENE AND TECHNOLOGY
ARCHAEOZOOLOGY	ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS I, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS II must be completed. Pending completion of ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS III. Priority will be given to students who have passed their pre-qualification exams with a grade of very good or excellent when enrolling into a course. Maximum number of students: 20	ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS I, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS II must be completed.
BIOLOGY AND CONSERVATION OF MARINE MAMMALS	Maximum number of students: 30	
CARCASS QUALITY AT THE SLAUGHTER LINE	Enrolled in the Veterinary Public Health Study Track	Pending completion of FOOD HYGIENE AND TECHNOLOGY
CLINICAL ANATOMY	ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS I, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS II, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS III must be completed. Maximum number of students: 30	ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS I, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS II, ANATOMY WITH EMBRYOLOGY OF DOMESTIC ANIMALS III and HISTOLOGY WITH GENERAL EMBRYOLOGY must be completed.
